# SYLLABUS

- > PUCD 2035 *Core 1 Interaction* is being **taught in parallel** across all 9 sections. The syllabus is shared across all sections.

For **our class**, pieces of it may be adapted based on the trajectory of this cohort's interest and aptitudes.

We will be using a github site ([schererd.github.io/pucd2035](https://schererd.github.io/pucd2035)) in addition to canvas; the syllabus will always be available in both places.

# HOMEWORK

- > For next class, develop **THREE** potential themes for your Harmonic Collection. Bring in themes, moodboards, writings... whatever you think will best express your ideas. Consider both the content and expression of your themes.

Submit whatever you have to canvas by **MIDNIGHT** the evening of September 4.

As a reminder, Parsons CD prohibits the marking of late assignments.

- > **ALSO:** Read *WHAT IS CODE* (linked on our class website) and come to class with a question or comment to share. **READING DISCUSSIONS IN THIS CLASS ARE PART OF YOUR PARTICIPATION GRADE.**

SESSION ONE  
AUGUST 29, 2023
